

CEE 9030: CE Resrch/Investigation

Topic and scope must be submitted in writing to topic advisor for approval prior to registration. The results of the course findings may provide the basis for the thesis option. The final written document at the completion of the semester will be submitted for approval as a thesis proposal or a term paper for grade. The thesis proposal must be agreed upon by both the student and the topic advisor and approved by the chairperson. Requirements must be completed by the end of its semester of registration and prior to CEE 9031 registration. Prerequisite: Consent of chairperson.

Credits: 3.0
