## **NOTE:**

- Not all departments have a handbook for students.
- Some handbooks are located on the Villanova server and may not be available to those outside of the Villanova community.
- Students should follow the student handbook policies for their entry term. Changes made during their time as students will most likely not apply to current students, who will complete the program under the active policies for the entry term in which they entered the program, except in special circumstances.
- **Disclaimer:** All departmental policies are superseded by Graduate Liberal Arts and Sciences policies.
